Welcome to the IDS 2026 Costume Catalogue!

We're thrilled to introduce our latest collection, featuring **120 brand-new costumes from 1st Position and 170 new styles from Revolution**. This year, we've focused on value and versatility, ensuring there's something to suit every budget and performance—without compromising on quality or style.

From dazzling showstoppers to timeless classics, our 2026 range offers **exceptional choice** across all genres. Whether you're planning a grand production or preparing for competitions, you'll find costumes designed for movement, built to last, and offering **amazing value**.

As Europe's largest costume and dancewear provider, IDS remains your trusted partner for all things dance. Our dedicated Showroom Advisors are ready to provide expert guidance, creative ideas, and personalised support—helping you bring your vision to life.

To serve our European customers even better, we're proud to announce the opening of our **new EU headquarters and warehouse** in the Netherlands, ensuring faster delivery and stress-free service across Europe.

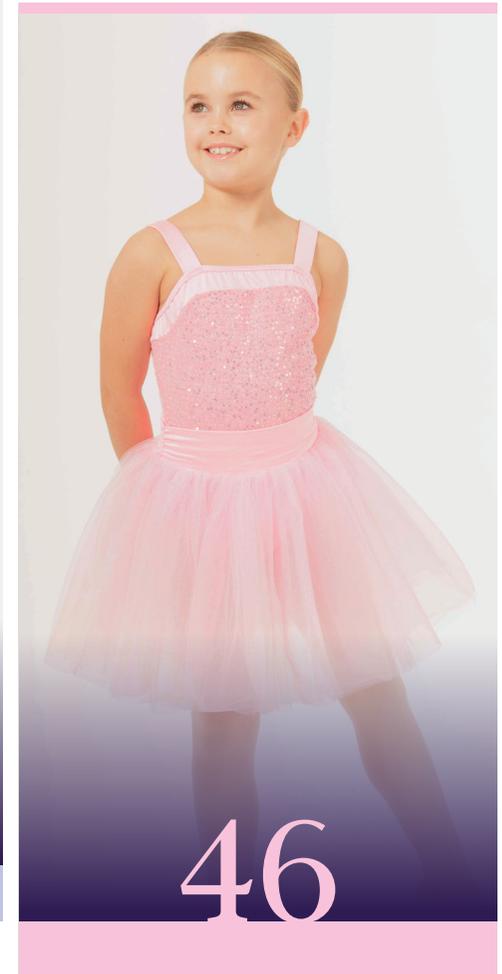

Thank you for your continued support and for allowing IDS to be part of your journey. Here's to inspiring performances and a successful year ahead!

Sizing

Measuring Guide

To give our customers the widest selection of Dancewear, IDS use an extensive variety of fabrics and materials. Each can be as different and unique as the dancer who is going to wear it. With this in mind we suggest you use this size guide as a general fitting guide only.

Measuring Information

Chest

- 1 Measure under the arms and around the fullest part of the bust and across the back. Make sure you take the measurements on the exhale and not the inhale so that the rib cage is relaxed.

Waist

- 2 Ask the student to bend to one side - where a natural crease forms is where the natural waist line is. When they stand up straight measure round the front and back of the natural waist.

Hips

- 3 With feet directly under the hips, measure around the widest part of the hips.

Girth

- 4 Measure from the middle of one shoulder, down through the crotch and back up to the same shoulder.

Measuring tips

Make sure your student is standing straight, looking forward and has a natural posture. Their feet should be directly under their hips with their feet parallel but not touching.

For the most accurate measurements ask your student to wear a leotard.

Ensure that the student breathes in and out naturally to avoid the tummy suck and assure a comfortable fit.

Before you start taking measurements ensure that the flexible measuring tape is lying flat. When taking measurements make sure the measuring tape isn't too tight or too slack.

The inseam should be where the leotard leg line meets the tights or the top of the leg.

Measuring girth is the most important measurement. If a student is in between sizes, allow girth to be the guiding measurement to make your judgement.

Our Showroom

Book an appointment at our ever-popular IDS Showroom and we can have your show costumed in a matter of hours. Available all year round, our costume pros have helped organise thousands of shows. We'll help you get it sorted!

In-Person Visit

The Showroom is yours for the day – nothing beats touching and feeling the costumes!

Virtual Visit

Whilst we always recommended a trip to Devon, we appreciate it's not always possible! That's why we offer virtual appointments for you to join from the comfort of your own home. Why not make it a group appointment with your team?

The Team

Meet our resident costume & show experts

Kate

"I have been a member of the IDS team for over 30 years and have loved helping our customers with their show planning every show season."

Rebecca

"As a professional singer, dancer, and dance teacher, I understand the pressure of putting on a show. That's why I'm passionate about making the costuming process simple and stress-free. I love helping teachers bring their creative visions to life with our costumes!"
